

T H E A C O R N C O L L E C T I O N

Planning

For light canopies add width of all wall cabinets, mirrors & fillers then add 12mm per seen end & specify seen ends

Please specify hinge side of all single base and wall cabinets. In this case we are showing a right hand wall cabinet

For worktops add width of all base cabinets and fillers, then add 12mm per seen end and specify seen ends

Always use filler panels when placing furniture against a wall.

These can be reduced on site to a minimum of 30mm wide

For plinths add width of all base cabinets including fillers and deduct 25mm for open ends. A return plinth is then required to cap onto the end of the front plinth

Acorn quality furniture

At Acorn our goal is to produce quality bathroom furniture time & time again. We are at the forefront of bathroom design incorporating the latest technology & implementing it perfectly within our latest range of furniture & accessories.

Choice

With six designs available in eight standard finishes and five stunning premier finishes, we are sure you will find something to bring your new dream bathroom to life.

All Acorn furniture has vinyl wrapped doors and facias (even the ends) to give maximum protection to any bathroom environment. To enhance your choice further we have introduced new handles, worktops, taps and sanitary ware into our bathroom range.

READY MADE

All furniture from Acorn comes fully assembled for speed, ease and reduced expense of installation.

Doors & drawer fronts are supplied undrilled for handles to allow freedom of choice. Spotlights and our new LED lighting kits are supplied with low voltage transformers in accordance with bathroom safety.

WORKSURFACES

With `Geta core solid surface, Staron solid surface Laminate & Vinyl wrapped worktops to match or contrast the door finishes.

We are very proud to say, that all the furniture in the acorn range is manufactured in the UK, to exacting standard in our own factory.

With this in mind, if a problem arises, we can react quickly.

DIMENSIONS

All height dimensions stated include adjustable legs with plinth.

Doors and facias are included in the depth dimensions.

Widths of cabinets can vary from exact measurements to +2mm due to different vinyl thicknesses.

Please allow for this when ordering worktops.

Because every bathroom is different Acorn manufactures four base unit depths.

BASE UNIT SPECIFICATIONS ARE AS FOLLOWS:

DEEP: D490 x H830

(suits inset vanity basins or under counter basins fitted in Staron solid surface, worktop required at 500mm deep)

STANDARD: D310 x H830

(suits all semi recess basins, worktop required at 330mm deep)

LOW LEVEL: D310 x H725

(suits vessels, worktop required at 330mm deep)

SLIM LINE: D250 x H830

(suits dedicated semi recess basins, worktop required at 260mm deep)

SUPER SLIM at D200 x H830

(suits cloakroom semi recess basin only, worktop required at 210mm deep)

Base unit depths & heights can be mixed to achieve the desired look whilst saving space. Specials can be manufactured in all finishes, with the exception of Oval and Shaker designs.
